

SCA invites students to travel from the 1950s to the 2050s, using our very own time machine! Through fun-filled, developmentally appropriate lessons and activities, we will take a peek at life over the past several decades and explore what our future holds. Children will learn about technology, historical events, breakthrough inventions, fashion, music and more!

Our theme is designed to show students how much the world has changed. However, at the center of it all, our focus will be on the one thing we can always count on to remain the same; God's love for us! Our memory verse this summer, 1 Corinthians 13:4-8, is an excellent way for children to remember the amazing gift of God's love is timeless.

Highlights:

Christ-centered lessons, in-house field trips, service projects, silly science experiments, performing & creative arts, weekly water play

Events & Activities:

Decade dance parties, relay races, end of camp performance & art show. Hip hop, yoga, cooking, sports, ice cream truck.

Please fill out the form below for EACH student you will be registering for our summer camp program.
